Introduction

The CJA eVoucher system is a web-based solution for submission, monitoring, and management of all Criminal Justice Act (CJA) functions. The eVoucher program allows for:

- Online authorization requests by attorneys for service providers.
- Online voucher completion by the service provider or by the attorney acting for the service provider.
- Online voucher review and submission by the attorney.
- Online submission to the court.

Unless the court has indicated otherwise, attorneys are generally required to create and submit vouchers for their service providers and associates, however, the Middle District of Pennsylvania does allow the option for service providers to prepare their own vouchers. In order for this to occur, the attorney must designate them to do so upon the initial creation of a voucher by choosing the appropriate expert from the dropdown box and selecting the “expert” radio button. The program includes the following modules:

Voucher and Authorization Request Submission

- Authorization requests by attorneys for expert services.
- Requests by attorneys for interim payment.
- Supporting document uploads to vouchers or authorization requests.
- Reports for attorneys to take an active part in monitoring costs.
- Automatic email notification to attorney of approval or rejection of vouchers and authorization requests.

Browser Compatibility

- Windows: Chrome 62, Edge 16, Firefox 57
- Apple Macintosh: Safari 10.1

Court Appointment

When an appointment is made, the program automatically generates an email message to the appointed attorney. The email confirms the appointment and provides a link to the CJA eVoucher program.

Accessing the CJA eVoucher Program

Starting with version 6.10, you are required to use Login.gov to securely sign in to the eVoucher application. You must create a Login.gov account or use an existing Login.gov account and have a Single Login Profile (SLP) to access eVoucher.

Note: Login.gov is a separate application from eVoucher. If you run into any issues, you must contact Login.gov support via their Help center page at <https://www.login.gov/contact> or call their 24-hour help line at (844) 875-6446.

Follow the instructions in the next section to create your Login.gov account. Click the following links for additional information about Login.gov and helpful tips for creating your account.

Any evidence of unlawful activity, including unauthorized access attempts, may be reported to law enforcement officials.

Your Login.gov account is now created, and you are directed to add an authentication method. Continue to the next section and follow the instructions to complete this requirement.

Note: Once your Login.gov setup is complete, you will **ONLY** use the email address you entered and the password you created in Login.gov to access eVoucher, so it is important to remember them.

Adding an Authentication Method

Login.gov requires that you set up at least one authentication method when creating your account. However, it is recommended that you select **at least two authentication methods** on different devices so that you have an alternative way(s) to sign in to eVoucher if your primary method becomes unavailable.

Step 1

Select your first method of authentication, and then click **Continue**. Authentication methods include security keys, government employee IDs, authentication applications, text or voice messages, or backup codes.

Authentication method setup

Add another layer of security by selecting a multi-factor authentication method. We recommend you select at least two different options in case you lose one of your methods.

- Authentication application**
Download or use an authentication app of your choice to generate secure codes.
- Text or voice message**
Receive a secure code by (SMS) text or phone call.
- Backup codes**
A list of 10 codes you can print or save to your device. When you use the last code, we will generate a new list. Keep in mind backup codes are easy to lose.
- Security key**
A physical device, often shaped like a USB drive, that you plug in to your device.
- Government employee ID**
PIV/CAC cards for government and military employees. Desktop only.

Continue

Note: Every time you sign in to eVoucher you are required to authenticate, so make sure you use an authentication method that's easy for you to access. For these instructions, the **Text or voice message** option is selected.

Step 2

To authenticate by text or voice message, in the **Phone number** field, enter your phone number to receive a one-time code by text message or phone call, and then click **Send code**.

Add a phone number

We'll send you a one-time code each time you sign in.

Message and data rates may apply. Do not use web-based (VOIP) phone services or premium rate (toll) phone numbers.

Step 4

Once your code has been successfully authenticated, you are prompted to add another authentication method (recommended). Click **Add another method** and follow the previous steps to create a second authentication method.

Note: It is recommended that you use a different device for your second authentication method, even if you choose the same setup option. For example, if you chose text or voice message as your first method, you can do the same for the second, as long as you use a different phone number.

Identity Verification

To access eVoucher, you must verify your identity by uploading an acceptable form of identification (driver's license or state ID). This added security measure is to ensure that you are you and not someone pretending to be you.

Note: This is a one-time identity verification; if you have previously proven your identity through Login.gov, you are not required to do this again.

Step 1

If you've previously created a Login.gov account, you will be asked to verify your identity after signing in to Login.gov from the eVoucher sign-in page. If you're in the process of creating your Login.gov account, this step automatically appears after you've established your multi-factor authentication method(s). Click **Continue**.

The screenshot shows a web page for identity verification. At the top, there are logos for LOGIN.GOV and InCOURTS. The main heading is "Let's verify your identity for CJA eVoucher User Acceptance Testing". Below this, a paragraph explains the purpose: "CJA eVoucher User Acceptance Testing needs to make sure you are you — not someone pretending to be you. [Learn more about verifying your identity](#)". A section titled "You'll need to:" lists four steps: 1. Take photos of your ID (with a note that only driver's licenses or state ID cards are accepted), 2. Enter your Social Security number (noting that a physical card is not needed), 3. Match to your phone number (noting that a code will be sent after matching), and 4. Re-enter your Login.gov password (noting that the password is encrypted). At the bottom, there is a blue "Continue" button with a red arrow pointing to it.

Step 2

To continue, select the check box allowing Login.gov to ask for, use, keep, and share your personal information to verify your identity, and then click **Continue**.

Getting started Verify your ID Verify your information Verify phone or address Secure your account

How verifying your identity works

Identity verification happens in two parts:

Verify your identity

We'll ask for your personal information to verify your identity against public records.

Secure your account

We'll encrypt your account with your password. Encryption means your data is protected and only you will be able to access or change your information.

By checking this box, you are letting Login.gov ask for, use, keep, and share your personal information. We will use it to verify your identity.

Importing Service Entries

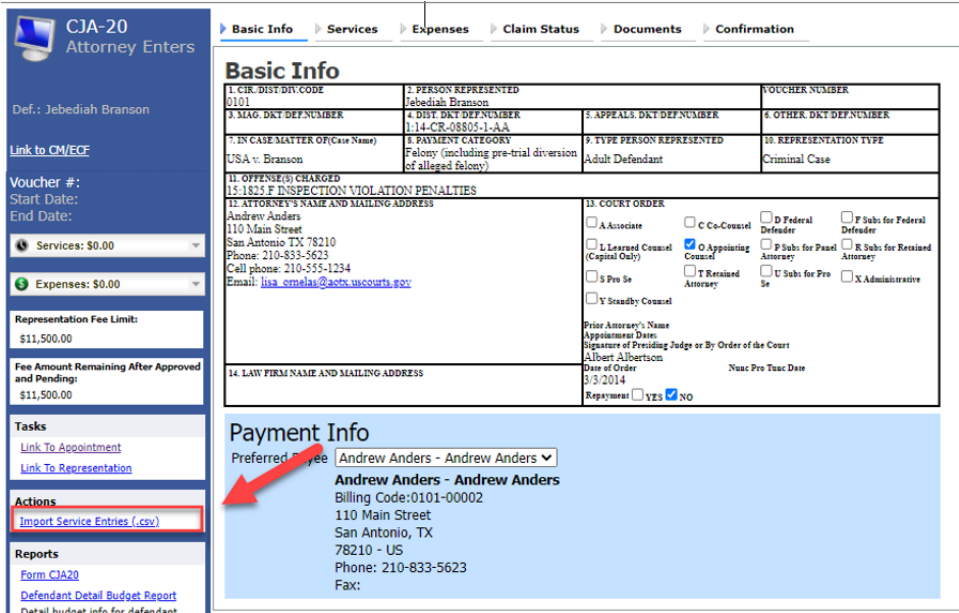

Attorneys using commercially available timekeeping and billing systems can directly import multiple service entries into a CJA-20/30 voucher from a file saved in comma-separated value (.csv) format.

As a best practice, the Import Service Entries feature should be started on a new or empty CJA-20 voucher. If you have service lines already entered on a voucher, they will be overwritten with the data imported from the .csv file.

Note: If you have an associate on your voucher and want to use the import service entry function, the lead attorney **MUST** import their entries first or they will overwrite the associate attorney's entries. Please review the **Importing Time** job aid on the eVoucher training website for more detailed instructions for importing service entries with associates.

Step 1

After you select the appropriate appointment and click the **Create** link for the CJA-20 voucher, the document opens. In the **Actions** menu on the left side of the page, click the **Import Service Entries (.csv)** link.

Step 2

The Services page appears. To download and view a sample .csv file, click the **sample spreadsheet** link. The sample spreadsheet is in Excel format that must be saved in .csv format. Click the **Additional Information** link to view instructions for importing time from a .csv file.

Basic Info | **Services** | Expenses | Claim Status | Documents | Confirmation

Services

eVoucher now provides the ability to import service time entries exported from a law firm billing system and saved in Comma Separated Values (CSV) format. The CSV file must contain all required column headings and data types. Please download our [sample spreadsheet](#) for the correct column headings and service type values.

IMPORTANT: It is recommended to start with a blank voucher. Otherwise, all existing service entries on the voucher will be overwritten with the contents of the imported CSV file.

[- Additional Information](#)

Each service line entry must have data in the following columns:

- Date
- Hours
- Description
- Service Type (EXAMPLES: "16b" or "16b. Obtaining and Reviewing Records")

Reports and Case Management

At the start of a case, it may be difficult for counsel or the court to know whether a case has the potential to exceed the statutory maximum allowed for representation.

Therefore, attorneys are encouraged to monitor the status of funds, attorney hours, and expert services by reviewing the reports provided in the CJA eVoucher program. Items to remember:

- Viewable reports appear in the left review panel.
- Each panel, depending on the document you are viewing, can have different reports available.
- Each report can have a short description of the information received when viewing that report.
- The two main reports are the Defendant Detail Budget Report and the Defendant Summary Budget Report.

To find other accessible reports, from the menu bar at the top of the screen, click **Reports**.

Defendant Detailed Budget Report

This report reflects the total amount authorized for this representation, any excess payment allowed, the vouchers submitted against those authorizations, and the remaining balances.

It provides the information in two sections: attorney appointment and authorized expert service.

5 errors were found in *CJA-20 Service Time Import.csv* during import process. No data was updated. [View Report](#). Correct errors and [try again](#).

Attorneys should still review the voucher to ensure that entries are correct prior to submission to the court. For the remaining tabs of the CJA-20 or CJA-30 voucher, please see instructions for those documents.

Appendix B: Creating the Excel File for Import

Once you begin the process of importing your service entries to a CJA-20 or CJA-30 voucher, sample spreadsheets are available to download on the Services page. These sample spreadsheets are in Excel format that must be saved in .csv format.

Basic Info ▸ **Services** ▸ Expenses ▸ Claim Status ▸ Documents ▸ Confirmation

Services

eVoucher now provides the ability to import service time entries exported from a law firm billing system and saved in Comma Separated Values (CSV) format. The CSV file must contain all required column headings and data types. Please download our [sample spreadsheet](#) for the correct column headings and service type values.

IMPORTANT: It is recommended to start with a blank voucher. Otherwise, all existing service entries on the voucher will be overwritten with the contents of the imported CSV file.

For the .csv file to be successfully uploaded into and accepted by eVoucher, it must contain a header row with specific column headers, as seen below. The header row contains four mandatory column headers (Date, Hours, Description, Service Type) and two optional column headers (Doc. #, Pages). The Doc. # and Pages fields may be included in the header row; however, they are not required unless data is provided.

If the header row contains service entry information instead of headers, the data in that row will be ignored and won't be imported into your voucher. Sample spreadsheets containing the correct column headers and service type values for each voucher type are available in the online help.

Appendix C: Converting the Excel File to .csv Format

Most commercially available spreadsheet applications allow you to save in .csv format. For a file saved in Excel format, follow these steps to create your .csv import file.

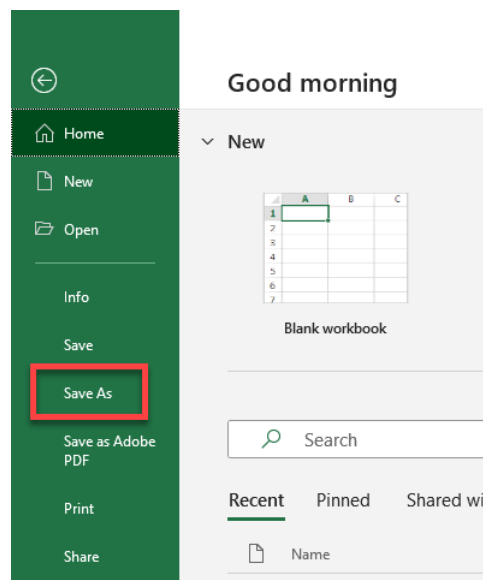

Step 1

In your Excel file, click the **File** tab.

Step 2

From the navigation menu on the left, click **Save As**.

On the Save As page, click the drop-down arrow and select **CSV (Comma delimited) (*.csv)**.

Your Excel file has now been converted to a .csv file and can be imported into the Services page of your CJA-20 or CJA-30 voucher.
